JUNE 2021

501(C)3 CHARITY

If you have driven by 2100 W. Richie Avenue lately, I am sure you have noticed how rapidly the buildings are coming along. You also probably noticed that the buildings were yellow, that was the waterproofing material.....then you probably noticed that the buildings were white...that was insulation. We are just about to get to the stucco soon, which will be 2 tone color scheme in neutrals.

The rough in of both buildings has been completed, the fire alarms have been installed and the Fire Marshall, Brennan Harvey, has approved the underground fire line. The shingles are also being put on and the windows have been installed.

The Executive Director, Anita Braun, started work on Tuesday, June 1 and is excited and enthusiastic about getting Haven of Hope started from the ground up. We welcome Anita to Artesia and know she will do an excellent job.
